

QuickTreX® 14 Slot 2U Media Converter Chassis - 65W – Rackmount

SKU: QT-MCC-2U-14S-65W

Instructions

STEP1: Remove the cover panel from the slot you wish to use by removing the Phillips head screw.

STEP2: Remove two small screws from media converter and use them to install included bracket.

STEP3: Slide the media converter into the slot until firmly in place and power connection has been made. Then use included screw to secure the media converter to the chassis. Repeat same steps for additional converters.
